

Instructions for working with online participants V1.1

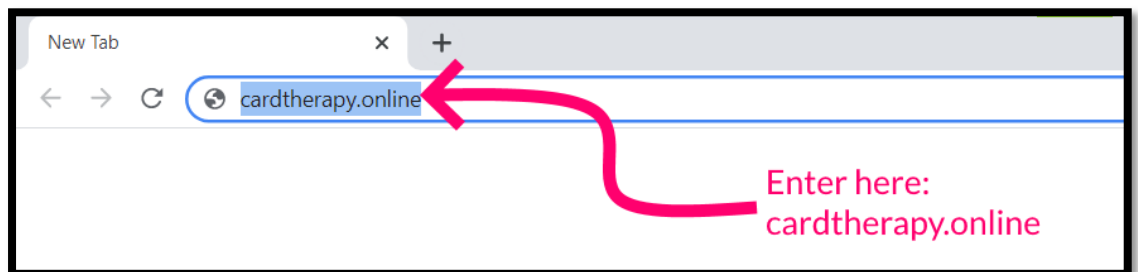

1. [Sign up the first time](#) or
2. [Login to Digi Card Therapy – registered user](#)
3. [Share your screen using Zoom software](#)
4. [How to give control to a patient/client with zoom](#)
5. [How to give control using the 'Invite guest' option](#) (also suitable for working with groups)

Sign up for the first time

There are two options to sign up, either using your social media account (Facebook or Google) or by selecting your own username and password.

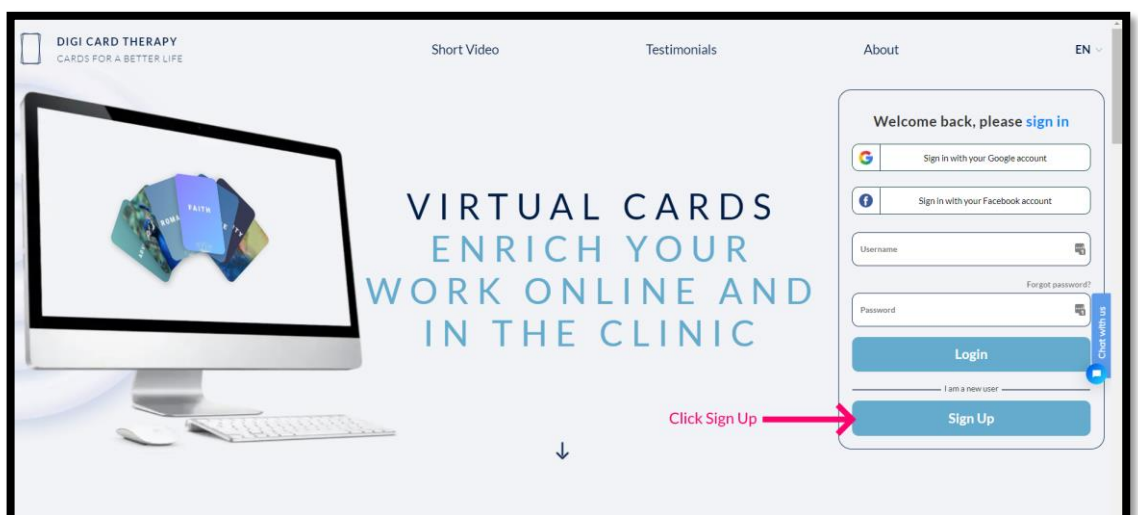

1. Open your browser (the software with which you surf the Web e.g. Chrome / Explorer / Opera / Safari).
2. Type in the Address box: cardtherapy.online and then hit ENTER.

3. If necessary, Change the interface language to English:

4. Click Sign up (unless you have already been directed to the sign up page – in which case skip to step 2).

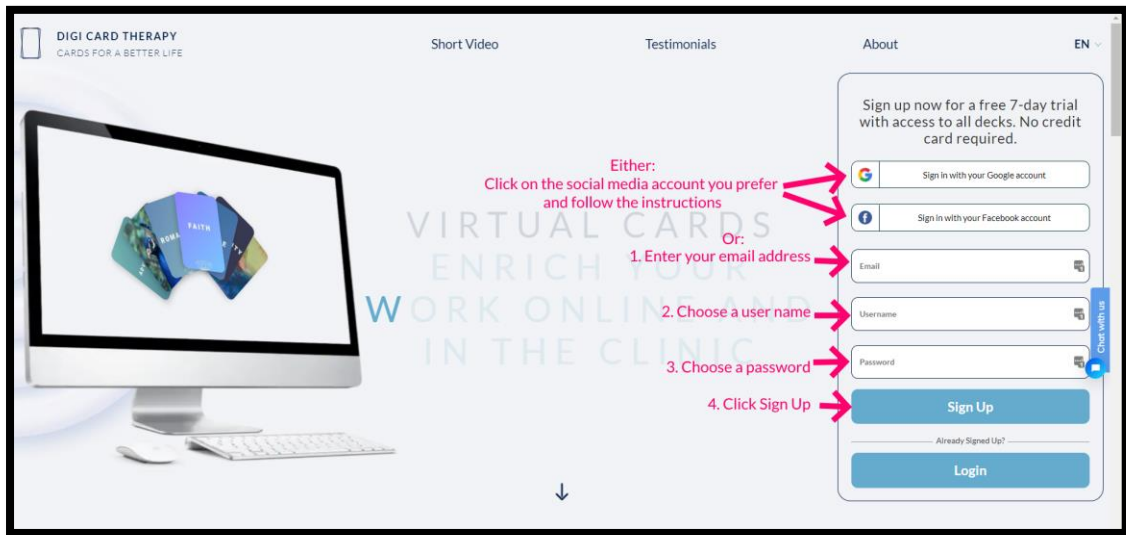

5. Sign Up -

Social Media signup:

Choose the social media account you would like to sign up with. Follow the instructions.

Username signup:

Enter your email, choose a username and password, then click Sign Up.

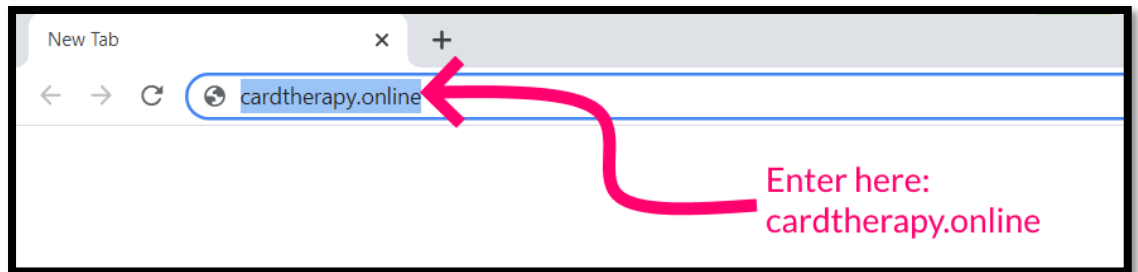

The screenshot shows the Digi Card Therapy website's sign-up interface. On the left, a monitor displays a fan of cards with words like 'HOPE', 'FAITH', and 'TRUTH'. The background text reads 'VIRTUAL CARDS ENRICH YOUR WORK ONLINE AND IN THE CLINIC'. The top navigation bar includes 'Short Video', 'Testimonials', and 'About'. The sign-up form on the right is titled 'Sign up now for a free 7-day trial with access to all decks. No credit card required.' It offers two paths: 'Sign in with your Google account' and 'Sign in with your Facebook account'. Below these, the form has fields for 'Email', 'Username', and 'Password', each with a 'Show/Hide' icon. A 'Sign Up' button is at the bottom of the form, with a 'Login' button below it. A 'Chat with us' button is on the right side of the form. Red arrows and text provide instructions: 'Either: Click on the social media account you prefer and follow the instructions' points to the Google and Facebook buttons; 'Or: 1. Enter your email address' points to the Email field; '2. Choose a user name' points to the Username field; '3. Choose a password' points to the Password field; and '4. Click Sign Up' points to the Sign Up button.

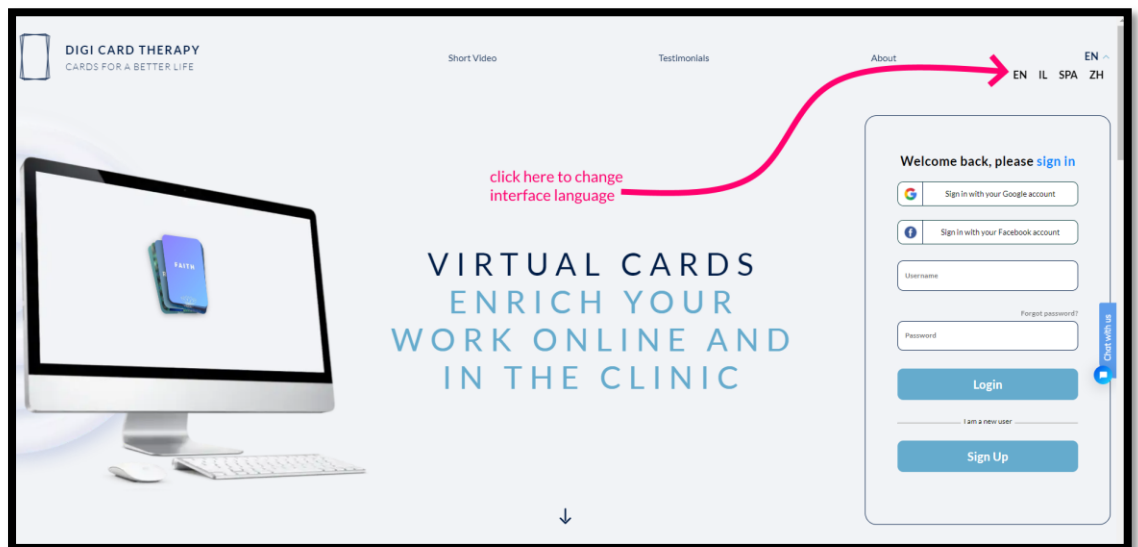

That's it! You can now skip to step 5 in the following part.

Login to the Digi Card Therapy website - registered user:

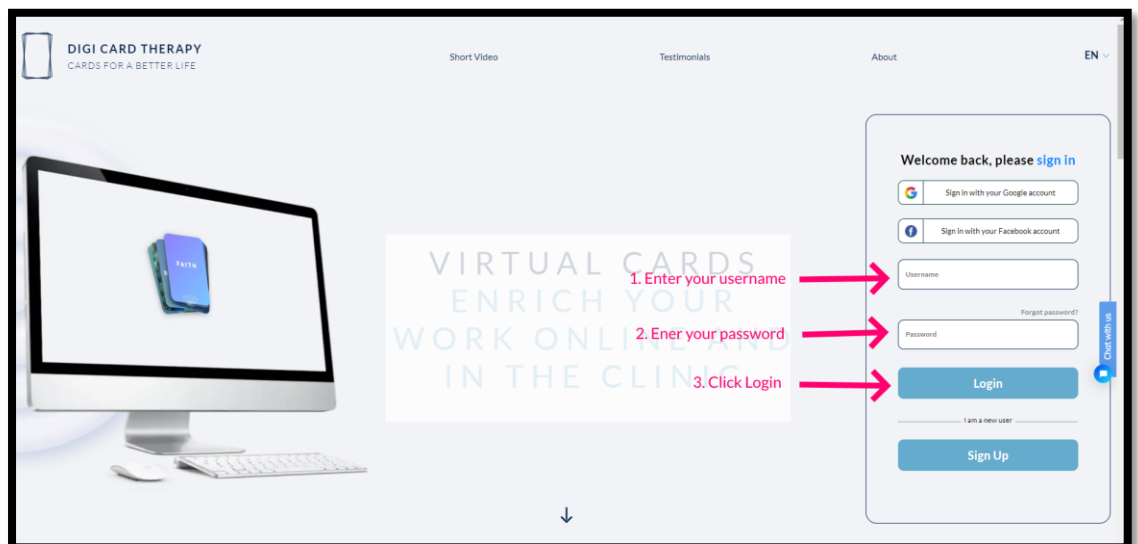

1. Open your browser (the software with which you surf the Web e.g. Chrome / Explorer / Opera / Safari).
2. Type in the Address box: cardtherapy.online and then hit ENTER.

3. If necessary, Change the interface language to English:

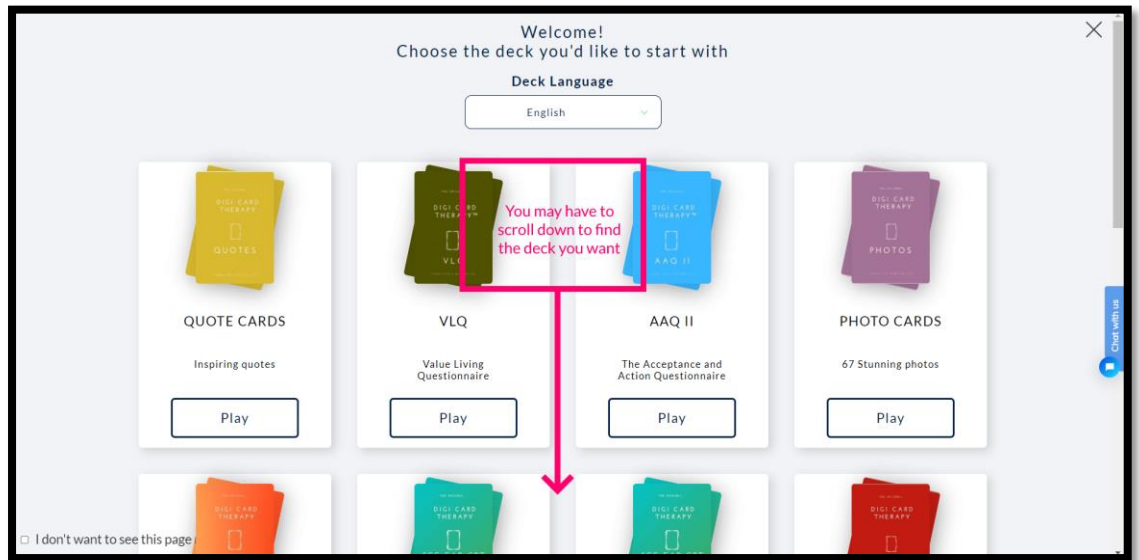

4. Enter your username and password, then click Login.

Alternatively, you can login using your social media account (Facebook or Google).

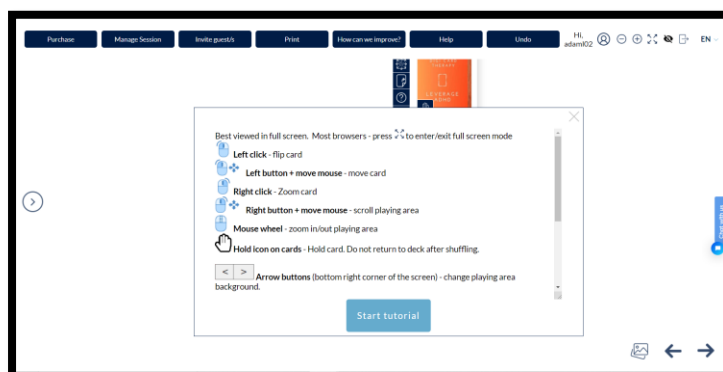

- Now choose the deck you want to start with. You might need to scroll to the bottom of the page to find the deck you want. Click on the Play button:

- Now the view may look like this:

Or like this:

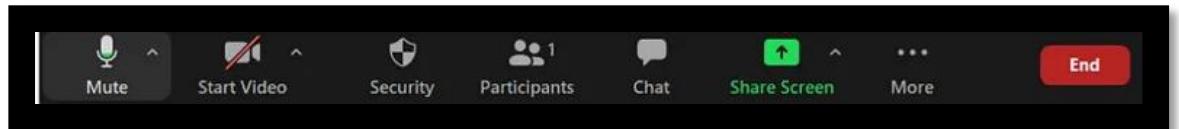

Click the X to close the guide.
Time to get to work!

- For help and to activate the guide – click on the Help button.

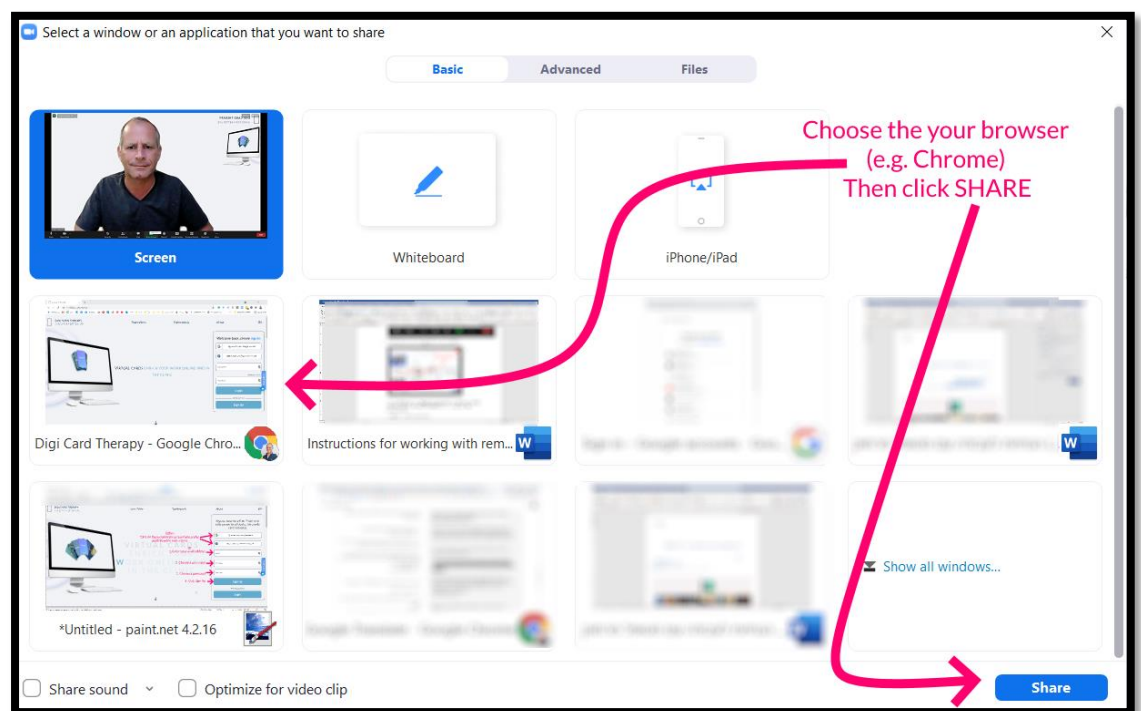

Share your screen with zoom

After the patient/customer has joined your zoom meeting, in order to share your screen, follow the following steps:

1. Click the green 'Share Screen' button. It usually appears at the bottom of the screen in Zoom:

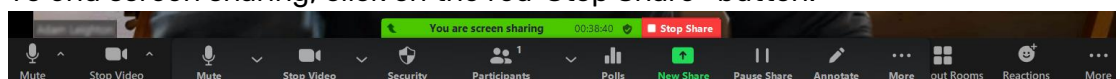

2. A window similar to the one below will now appear:

Click on the image of your browser software, then the blue 'Share' button. You might need to login into Digi Card Therapy as instructed in the previous sections.

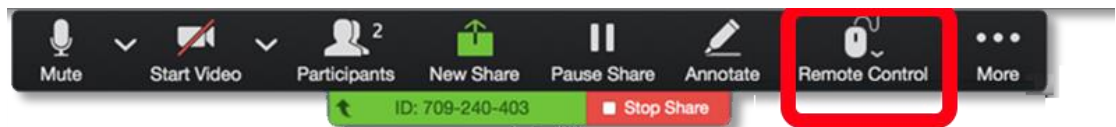

3. Great! You just shared your screen.
4. To end screen sharing, click on the red 'Stop Share' button.

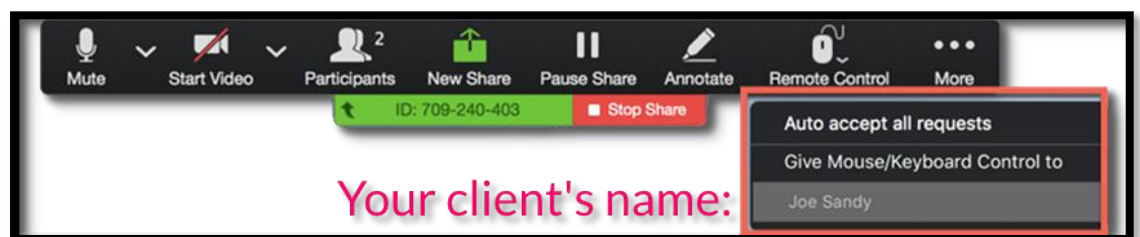

Transfer control to the customer / patient with Zoom

This option is suitable for working with a single remote patient/client , less suitable for working with groups. It is also not relevant if your patient/client is using a smartphone and not a computer/laptop as Zoom does not offer native support for remote control via smartphone.

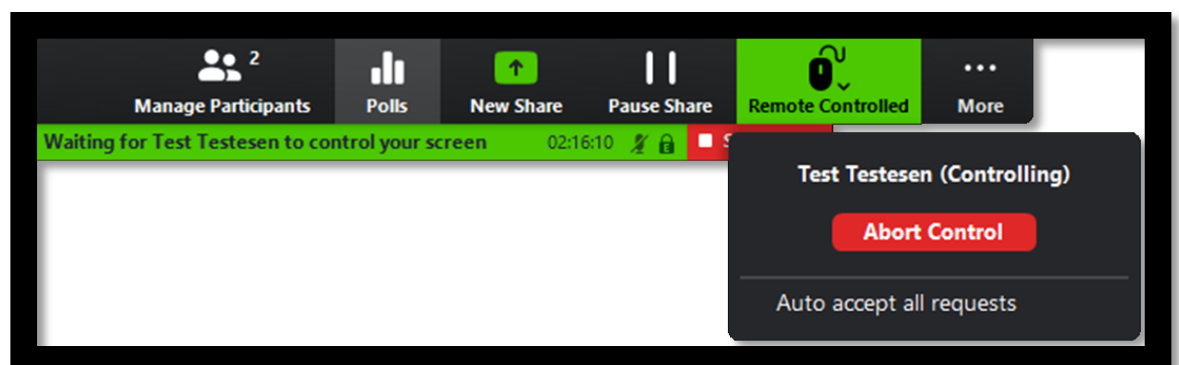

1. Share screen (see above).
2. Locate the Zoom toolbar – it should look similar to this:

3. Click the 'Remote control' button and select your client:

4. Now, as soon as the customer moves their mouse and clicks anywhere on the screen– they can control your computer–and use the cards.
5. In order to finish giving control, press the 'Remote control' button again and then select 'Abort Control':

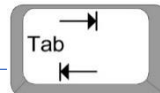

How to give control using Digi Card Therapy's Invite Guest option

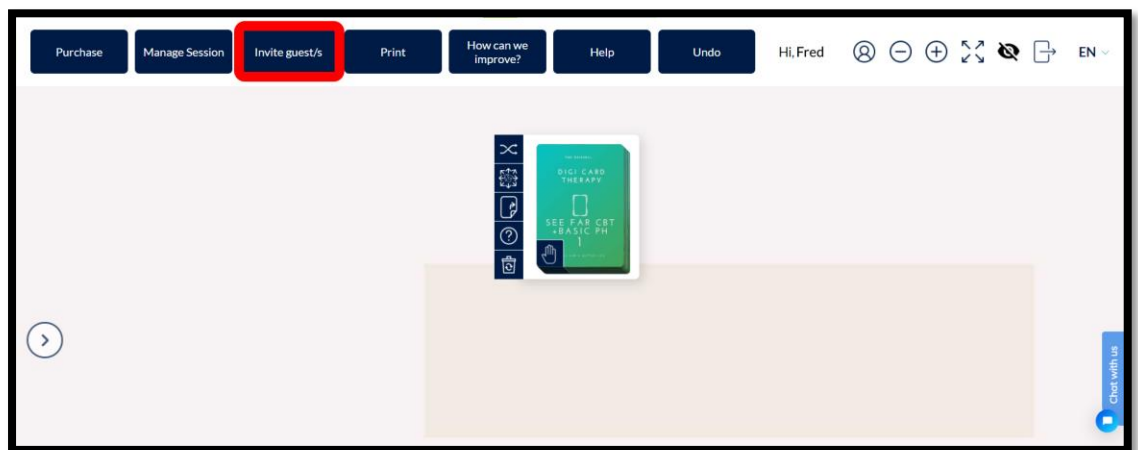

After the patient/customer has joined your zoom meeting, in order to share your screen, follow these things:

1. Switch to your browser software.

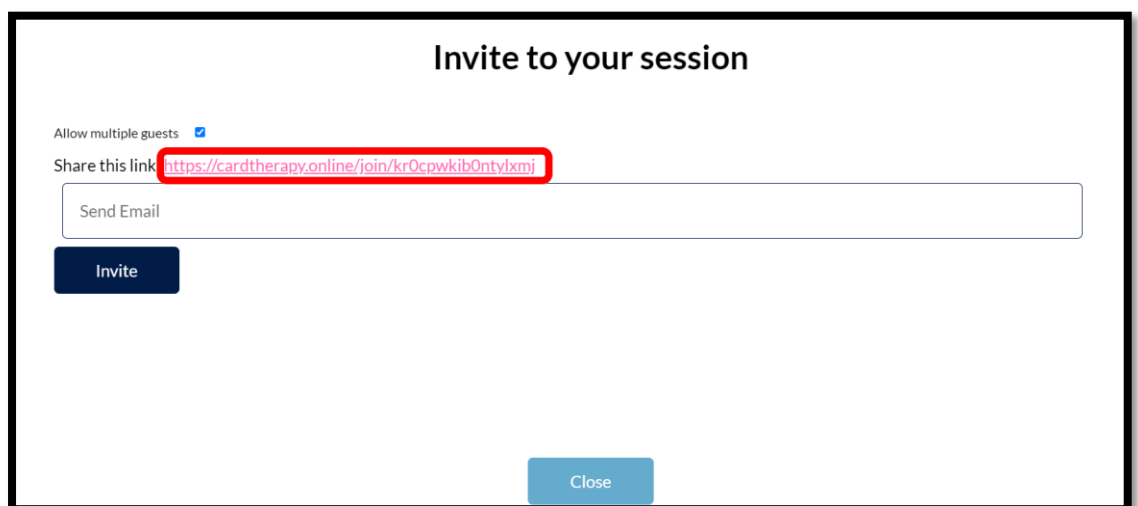

A convenient way to switch between different programs: Press and continue pressing the ALT button.

2. Go to Digi Card Therapy .
3. Click on the Invite Guest button:

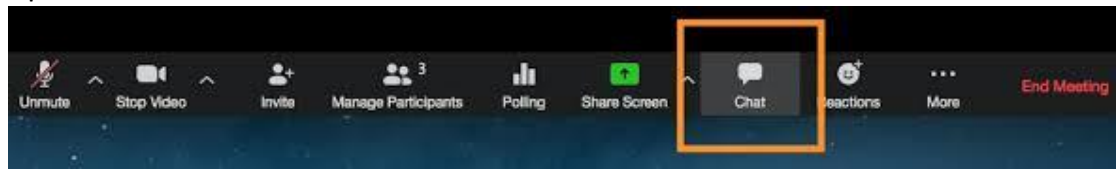

4. You can now invite your guest/s (patients/clients). There are two ways to invite guests; The quickest way is to click on the pink text (this is the link/invitation we would like to send to the guest.)

5. Now the link/invitation has been copied. What is left is to paste and send the link to your guests. You can actually send using any means you choose (such as WhatsApp). We will send the link using the Zoom Chat feature.

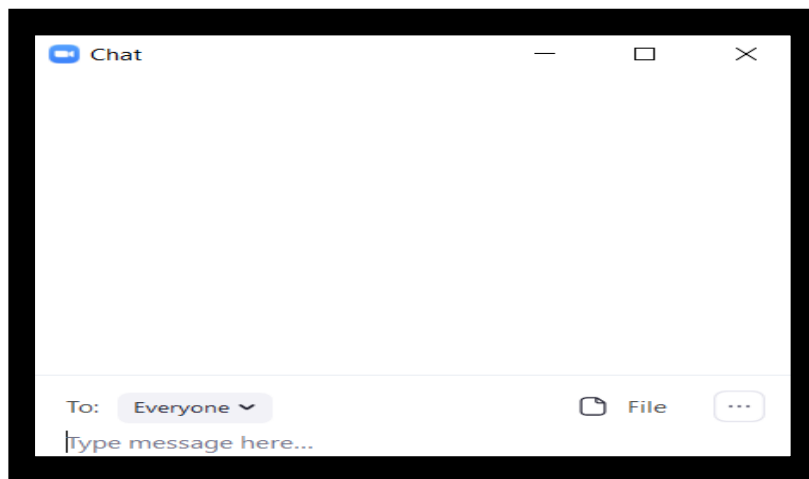

6. Go back to Zoom.

7. Open chat:

Sometimes, the CHAT button is hidden and you have to click 'MORE' to see it.

8. A window similar to this will now open:

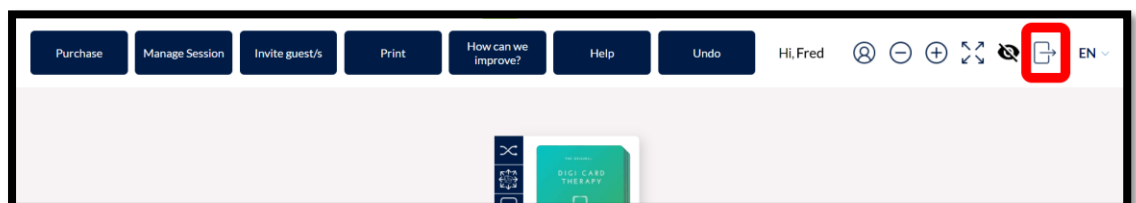

9. Paste the link: In the chat window, press the Ctrl key along with the V key and then hit ENTER.

Another way to paste: Click the right button of the mouse in the chat box and select Paste.

10. Your guest will have a CHAT message with a link to the site.

11. You can send the link to multiple people at the same time.

12. For the link to stop working, you must log off or start a new session:

Good luck!

Please do not hesitate to contact customer support for any questions you may have: support@cardtherapy.online or use the 'chat with us box' within the site.
